Department of Mathematical Sciences  
Scholarships for 2017-2018  
Applications accepted December 15, 2016 – February 15, 2017

To apply for any of the following, log in to your my.georgiasouthern.edu account and look for the My Scholarships link on the left.

**Billy J. Lamb and Curry Colvin Memorial Math Education Scholarship**  
Criteria: Applicants must be full time juniors who are in academic good standing. The recipient should be enrolled in a program to earn certification to teach math at grade level(s) nine through twelve.  
2017-2018 Amount: $1025

**Arthur G. Sparks Scholarship in Mathematics and Computer Science**  
Criteria: First preference is given to entering freshmen who are enrolled full time and pursuing a mathematics or computer science degree. Second preference will be given to all other class levels with students who have an overall cumulative grade point average of 3.0 throughout the award period. Geographically, first preference is given to students from Bulloch County or one of the five surrounding counties (Effingham, Screven, Evans, Candler or Jenkins). Second preference will be given to students from any rural community in the State of Georgia.  
2017-2018 Amount: $975

**Bobby L. Johnson Secondary Mathematics Fund**  
Criteria: Available to undergraduate or graduate students with demonstrable intent to teach secondary mathematics with a 2.5 or better GPA. It is desired that the award be available for the purchase of math textbooks and technology such as graphing calculators and computers.  
2017-2018 Amount: $6100 (usually awarded to several students)

**Cynthia Ann Floyd Sikes Mathematics Scholarship**  
Criteria: First preference should be given to a female candidate who is either full or part time enrolled in the Master of Science in Mathematics (MS) Program. Recipient should have a minimum grade point average of 3.0 in all mathematics courses attempted at the graduate level. Second preference may be given to a male candidate meeting the same criteria. Third preference may be given to any undergraduate student in the Mathematical Sciences program.  
2017-2018 Amount: $750

**D. Earl Lavender Award in Mathematics**  
Criteria: Award is available for Math majors with a minimum GPA of 3.0. First preference will be given to a rising senior, second preference goes to a rising junior, third preference to a rising sophomore and fourth preference to an incoming freshman.  
2017-2018 Amount: To Be Determined
